Roles and responsibilities overview
Head of centre responsibilities GR2

The **head of centre** is the individual who is accountable to the awarding bodies for ensuring that the centre is always compliant with the published JCQ regulations and awarding body requirements to ensure the security and integrity of the examinations/ assessments. This individual must have the authority to deploy the necessary resources to ensure that the centre is always compliant in meeting published JCQ regulations and awarding body requirements.

The examinations officer is the person appointed by the head of centre to act on behalf of, and be the main point of contact for, the centre in matters relating to the general administration of awarding body examinations and assessments.

The head of centre cannot also be the examinations officer. A head of centre and an examinations officer are two distinct and separate roles.

The head of centre and/or examinations officer may operate across more than one centre. In such cases the head of centre must ensure there is suitable senior leadership team and examinations officer support in place, so they can meet their obligations across all centres for which they are responsible. The head of centre must ensure that these arrangements are covered by their examination contingency plan.

Head of centre
(GR 1)
Heads of centre must ensure that senior leadership teams and exam office personnel familiarise themselves with the entire contents of the current General Regulations for Approved Centres (GR) booklet. In particular, heads of centre must familiarise themselves with paragraphs 5.1, 5.3 and 5.4.

Heads of centre must ensure that relevant members of staff respond promptly to requests and/or actions raised by the JCQ Centre Inspection Service. Failure to do so could result in the centre not receiving or being able to access question papers and other confidential assessment materials. Ultimately, awarding bodies could withdraw approval of the centre.

Heads of centre must ensure that relevant members of staff respond promptly to requests for information from awarding bodies relating to the administration and conducting of examinations/assessments.

(ICE Introduction) **It is the responsibility of the head of centre to ensure that all staff comply with the instructions in the** Instructions for conducting examinations **document**. Failure to do so may constitute malpractice as defined in the JCQ document Suspected Malpractice: Policies and Procedures, 1 September 2025 to 31 August 2026.

(GR 5.1)

The head of centre must ensure:

- compliance with the published JCQ regulations and awarding body requirements to deliver the qualification(s)
- appropriate controls are in place which ensure accurate data is submitted to the awarding bodies by the required deadlines, e.g. registrations, entries, learner claims, centre-assessed marks or modified papers
- all reasonable steps are taken to respond promptly to requests for information or documentation made by an awarding body or regulatory authority

    - *Guidance for centres on cyber security*
    - *Instructions for conducting coursework* (ICC)
    - *Instructions for conducting examinations* (ICE)

    - *Instructions for conducting non-examination assessments (Vocational and Technical Qualifications)* (NEA VTQs)
    - *Notice to Centres – Informing candidates of their centre-assessed marks*
    - *Plagiarism in Assessments – Guidance for Teachers/Assessors*

- Where/if using a third party to deliver any part of a qualification (including the assessments or the administration) at the centre:
    - maintains oversight of, and responsibility for, the delivery and administration of the qualification in accordance with JCQ regulations and awarding body requirements
    - has in place a robust written agreement with the third party (unless exclusions apply), that includes provisions which ensure that qualifications are delivered in a way that complies with their agreement with the awarding body, to ensure there is a shared understanding of the arrangement and will manage the risk of failure by the third party to deliver the expected service
    - ensures that a copy of the written agreement is available for inspection if requested by the awarding body
    - monitors delivery by the third party to maintain compliance with the published JCQ regulations and awarding body requirements, ensuring the security and integrity of examinations and assessments

    - ensures sufficient managerial and other resources are in place to resolve any issues

- Ensures that relevant members of staff respond promptly to requests and/or actions raised by the JCQ Centre Inspection Service, understanding that failure to do so could result in penalties (see **National Centre Number Register and other information requirements** section)

Resilience and contingency arrangements
(GR 3.16-19)

The centre must ensure they are familiar with the regulators' guidance and/or awarding body guidance on ensuring resilience in the qualifications system. Centres should consider putting in place a process for gathering and securely retaining evidence of candidate performance in line with the published guidance.

In the unlikely event that the government determines that examinations cannot go ahead, the centre will need evidence of candidate assessment performance, such as mock examinations, to enable alternative methods of awarding grades.

The centre must have an up to date written contingency plan.

The contingency plan must cover all aspects of examination/assessment administration and delivery. Senior leaders must have robust contingency arrangements in place that will minimise the risk to examination/assessment administration and delivery and any adverse impact on candidates.

The plan must cover the following scenarios:

- the head of centre, relevant senior leader(s) with oversight of examination and assessment administration, SENCo (or equivalent role), examinations officer or any other key staff essential to the examination process being absent at a critical stage of the examination cycle
- the potential impact of other events such as flooding, which could lead to all or parts of the centre becoming unavailable
- potential issues with the centre's IT systems.

As part of its contingency plan the centre must identify an alternative site or alternative sites which can be used if examinations cannot be conducted at the registered address. Larger centres may require more than one potential alternative site or different sites for different year groups.

The centre must have at least one senior member of staff (senior designated contact) who is available to manage emergency requests from awarding bodies that are results related

during the summer holidays. However, a number of contacts can be provided to reduce the risk of this falling on one individual throughout the summer holidays.

The centre must ensure where candidates' work is produced electronically it is backed-up and should consider the contingency of candidates' work being backed-up on two separate devices, including one off-site back-up via the Cloud. The centre must implement appropriate security arrangements which protect candidates' work in the event of IT system corruption and cyber-attacks.

Cyber security
(GR 3.20-21)

The head of centre must ensure there are procedures in place to maintain the security of user accounts by:

- providing training for authorised staff on the importance of creating strong unique passwords and keeping all account details secret
- providing training for staff on awareness of all types of social engineering/ phishing attempts

- ensuring that all members of centre staff who access awarding bodies' online systems undertake annual cyber security training

  The training must include:

  - keeping all account details strictly confidential
  - the critical role of Multi-Factor Authentication (MFA) in protecting against unauthorised access
  - how to properly set up and use MFA for both centre and awarding bodies' systems
  - an awareness of all types of social engineering/phishing attempts
  - the importance of staff quickly reporting any suspicious activity, events, incidents and encouraging a safe and supportive reporting culture.

  Certificates of completed staff cyber training must be downloaded and held on file for inspection. The NCSC training resource provides a certificate of completion of cyber training.
